Course, Conference & Consultancy Programme 2022-2023

*Professional Development  
Opportunities for Schools &  
Service Level Agreements*

Dear CEOs, Executive Headteachers, Headteachers and Chairs of Governors

On behalf of the Diocesan Board of Education, I would like to thank you for all that you do to support the education of children and young people in this Diocese. I know from my conversations with you that we are very fortunate to have such exceptional church schools that provide a high standard of education within a loving and supportive Christian ethos. We are particularly grateful to you for the extraordinary commitment and dedication you have shown, with your colleagues and governors, during yet another heavily disrupted year. It has been a long haul and you remain in our prayers.

May I commend to you the course, conference and consultancy programme over the next academic year. We know that finances in schools are very tight, and we have managed to keep cost increases below the rate of inflation, whilst expanding our range of services, knowing that this offers real value for money and provides strong support for the development of your church school. As well as the training that was offered last year, we are adding some training from Your Space Therapies on Good Mental Health, Rainbows on Supporting Pupils through Grief and Loss and an increasing number of safeguarding courses, as well as re-scheduling some of the courses from the last year, including training for middle leaders. A reminder that if you sign up to the Gold SLA all this training is free (and it is discounted for Silver and Bronze). You will also note that we list a number of services that are free to everyone. This is part of our ongoing commitment to all our schools.

As ever, if you buy into the Gold package you will get a DSC (Diocesan Schools Consultant) working with your school each term, for no extra cost. I know schools have valued this greatly and it has helped us ensure that all schools inspected under the new SIAMS schedule are graded as good or better, as we continue to work with schools to strive together to provide educational excellence for all. It is a service that not many other dioceses are able to offer, so I commend this to you.

I do hope that this package of training will enhance your work as school leaders and will help your school communities to become even better all-round places of education, where children and young people experience education for life, which is deeply Christian and serves the common good.

With my thanks and best wishes

## Diocesan Service Level Agreement (SLA): 2022-23

As part of the wider diocesan family of churches and schools, we offer support to all our church schools, heavily subsidised by the Diocesan Board of Education (DBE). The Service Level Agreement (SLA) between the DBE and our Church of England Schools is renewed every academic year in September. We continue to receive very positive feedback from schools, who have commented favourably on the range and quality of our courses and conferences, the input of our Diocesan Support Consultants and the responsiveness of our DBE Education Team. Accordingly, the Board has decided to continue with the SLA in a similar format. The SLA will run from 1<sup>st</sup> September 2022 to 31<sup>st</sup> August 2023. After careful consideration, whilst trying to keep costs below the rate of inflation in these challenging times, we have made some changes to our prices (see below and the SLA form). We hope you will confirm your school's wish to sign up for the SLA by completing and returning the form as soon as possible, and by 30th September at the latest. This will ensure your school gets full benefits from the scheme and will allow us to plan the input from our Diocesan Schools Consultants and DBE Education Team. Courses will take place at Bouverie Court with appropriate social distancing or via Zoom / Microsoft Teams, depending upon Covid-19 developments and government advice at the time. Similarly, DSC consultancy support meetings will take place through Zoom, if it is not possible to visit in person.

Please note that the costs and benefits are essentially the same for maintained schools and academies, whether in PDET or another academy trust, or a school which is part of a local authority. We hope that you will choose to strengthen your links with the Diocese and the family of church schools by signing up to the SLA this year, so your school or academy benefits from the training events detailed here and the support we offer.

### Training event charges per delegate

This charge applies to schools and academies for each delegate attending our training events.
