

Escape the Churchyard

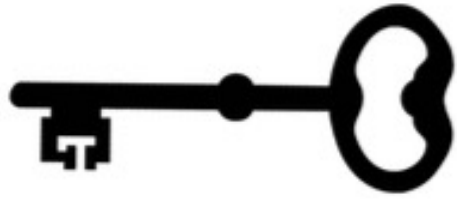

Can you find the key to open the
churchyard gate and make your escape ...
before the time runs out?!

Instructions

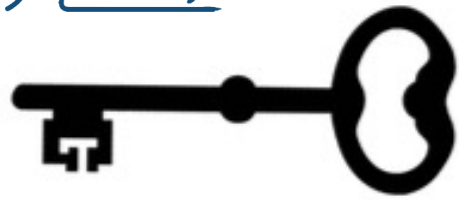

- 1) Each team will need: torch, pencil & clipboard
- 2) This is best done when it is dark, with torch light for extra effect. We hang some lighting around as well, to set the scene and to highlight any danger spots!
- 3) Print off the 7 Cipher code sheets and hang them around the churchyard - don't make them too obvious – they need to hunt for them – you can do multiples of each, if you have a large crowd.
- 4) Give all the participants copies of the code sheets, excluding the final code sheet
- 5) Start the timer – if you have a big egg timer which can be visible too – it adds pressure! Keep shouting how long they have left to create a pressured atmosphere!
- 6) The participants can complete the codes in any order. When a team / individual has completed all the codes they need to return to base and are given the final code sheet.
- 7) When they have cracked this final code, they are given a key with which they can go to the churchyard gate and can be let out by showing the key. Encourage them to take their code sheets home with them.
- 8) It is nice to put a message on the key which includes the next event date and time.
