

Setting up the Puppet Stage

You will Need:

A table
Black cloth
Green/Gold cloth or both
Stones (optional)

Palm tree plants (optional)
Books or boxes for under the cloths to create height and depth
Fairy lights

BEFORE

AFTER

STEP 1 and 2

Choose a location in your church, school, home where you can hang a black cloth as a backdrop behind the table which will be the stage. You can hang fairy lights across the black cloth to add light and glow to your scene.

NEXT

Use boxes and books to create height and areas for your scene. We created height to the left for the crosses to be positioned, the books to the right created a lower area for the tomb and garden scene.

STEP 3

Once you are happy with your areas, lay over your green/gold cloths.

STEP 4

Then decorate with stones and plants.

FINISHED

Completed, the stage is ready for your puppet show.
