

# St George's Stamford - Youth Worker 2024

*'Jesus is at the centre, the Bible is our guide and people matter.'*

**St George's Stamford** is looking for a new Youth Worker to join our team. We are an evangelical charismatic church with good links to both New Wine and Keswick. We place a high value on preaching, prayer, mission, and church revitalisation.

We meet in three Sunday congregations (9:15, 11am and 6:30pm) with 40 mid-week small groups, lively children's and youth, and young adult ministry, a great staff team of fifteen people and a commitment to social action. Our congregation is currently around 475. We are committed to supporting both women and men in ministry training. St George's is a great place to grow in a loving and supportive church family.

Stamford is a beautiful Georgian market town of 20,000 people, one and a half hours north of London on the A1 and one hour west of Cambridge. The nearest city is Peterborough with fast trains (50 minutes) to London.

## Church Revitalisation

We are a 'Resource Church' in the south of Lincoln Diocese, and have recently planted into Spalding and Grantham. St George's is a training hub for church planting curates, team members and interns. We are creating a staff team that can help resource the wider area in key areas of ministry.

## Raising Generations

*Raising Generations* is a dedicated team within St George's committed to raising the next generation of disciples of Jesus Christ our Lord.

St George's Church has a unique opportunity to build the Kingdom of God amongst those aged 0-25 in Stamford and beyond. By God's grace, and the hard work of our youth and children's team, as well as committed volunteer leaders, we have grown to have the largest children's and youth ministry in an Anglican church in the diocese of Lincoln. However, we must not be complacent. We must continue to disciple the children and young people in our church, as well reaching others in our community with the Good News of Jesus Christ.

## A Vision for a Younger Church

We believe God has been pleased to use St George's as a Resource church, and over 2023 sensed God's leading to re-structure our youth and children's ministry to better serve our vision to reach and disciple children, young people, and young adults - bringing these three vital areas of ministry into one ministry: 'Raising Generations'. Our Raising Generations Ministry seeks a coherent vision and strategy to effectively reach and disciple 0-25's, a vision and strategy that includes not just those we currently work with in St George's. As a resource church our heart is to equip other churches in the diocese (particularly our church revitalisations and other partner churches) to build a better youth, children's and young adult provision across Christ's church in this diocese.

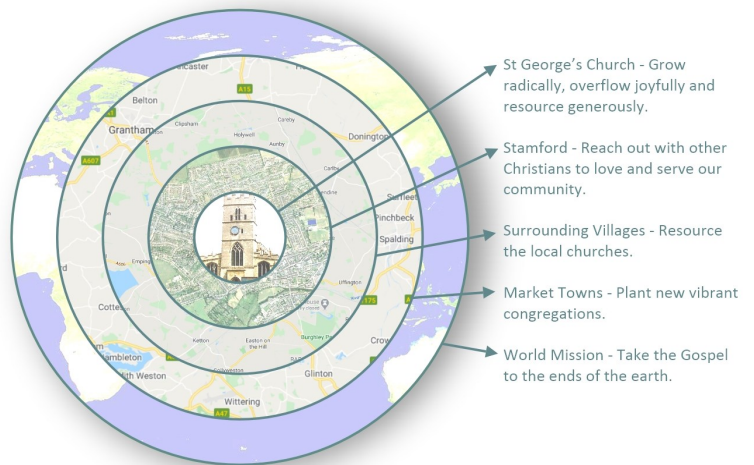

**In May 2023** we appointed a *Raising Generations Pastor* who oversees our Raising Generations Ministry and leads our children's and youth staff team and volunteers. At the same time we appointed a new Children's Worker into this team.

We are now looking for a new Youth Worker to come and join the Raising Generations Team – to build on the success of previous youth workers who have helped build and grow our youth ministry.
